BHAGYASHRI HOSANGADI

COMPUTER SCIENCE ENGINEERING STUDENT | ASPIRING FULL-STACK DEVELOPER

bhagyashri8711@gmail.com | 8088004926 | Jain College of Engineering and Research, Belagavi

CAREER OBJECTIVE

Computer Science Engineering student interested in full-stack web development and software engineering. Building practical web applications and strengthening skills in frontend development, backend services, and databases. Seeking an internship opportunity to learn from real-world projects and contribute to a collaborative team.

EDUCATION

Bachelor of Engineering (B.E.) — Computer Science and Engineering

Jain College of Engineering and Research, Belagavi | Expected Graduation: 2028

TECHNICAL SKILLS

Programming: C, C++, Python

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js

Databases / Services: MongoDB, SQL, Supabase

Tools: Git, GitHub, Visual Studio Code

SELECTED PROJECTS

Mental Health Peer Support Platform (In development)

- Developing a web platform for peer support and mental wellness resources, with planned features such as authentication, mood tracking, resource management, and peer support.

Technologies: React.js, Supabase, JavaScript, Tailwind CSS

Smart Retail Checkout System (Project work)

- Working on a retail checkout concept featuring barcode-based product scanning, cart totals, digital receipts, transaction records, and weight-assisted fraud checks.

Technologies: React.js, Node.js, Express.js, MongoDB

Personal Portfolio Website (Personal project)

- Creating a responsive website to present technical skills, selected projects, and professional contact details.

Technologies: HTML, CSS, JavaScript / React.js

CORE STRENGTHS

Problem solving • Team collaboration • Adaptability • Willingness to learn • Interest in practical software solutions
